

September 20th 2017

Advent Technologies participated in the 82nd Thessaloniki International Fair (TIF)

Advent Technologies participated in the 82nd Thessaloniki International Fair (TIF) which was held from the 9th to the 17th of September 2017. TIF is the most important exhibition event in Greece, and one of the most important events in Southeastern Europe. The honored country was China and the company had the opportunity to discuss with Chinese representatives in the Energy and Innovation sector for future collaborations that can lead to commercial partnerships in both directions.

Dr Gregoriou with Ms Dendi represented Advent Technologies

Advent Technologies is a world leader in advanced materials and devices for transportation, energy, defense, IoT, flow batteries, and hydrogen production applications. The Company is headquartered in Cambridge, MA, USA with additional facilities in Patras, Greece. It has customers with repeat orders in the USA, Europe, and Asia. Advent is a leader in High Temperature MEAs that enable the usage of methanol, natural gas, propane, biomass and other fuels in addition to clean hydrogen. The company owns 31 patents and has received more than 20 prestigious R&D programs in the USA and Europe. Advent has a world-class team of electrochemical scientists and R&D alliances with Northeastern University and University of Patras, FORTH-ICEHT.
